MUHAMMAD RAYYAN

GRAPHICS & UI-UX DESIGNER

ABOUT ME

An experienced Graphics & UI/UX Designer focused on creating clean visuals and user-friendly digital experiences. Skilled in Figma and Sketch, I design graphics and interfaces that balance aesthetics, usability, and consistency. I enjoy turning ideas into practical designs that improve user experience and visual appeal.

JOB EXPERIENCE

GRAPHICS & UI-UX DESIGNER

2022 - Present

Next Generation Circle / Peshawar.

Created and maintained UI standards across websites and collaborated with developers to implement features and ensure seamless design-development integration.

JR. GRAPHICS & UI-UX DESIGNER (HYBRID)

12/2023 - 02/2024

Tritech Solutions (Private) Limited / Peshawar.

Designed UI/UX for web and mobile applications, managed multiple projects remotely, and used tools like Figma & Adobe XD to create prototypes and high-fidelity designs.

GRAPHIC DESIGNER (FREELANCE)

2024 - 2025

SMEDA Regional Office KP / Peshawar.

Ensured print-optimized designs, delivered high-quality work under tight deadlines, incorporated client feedback for final approval, and supported printing coordination

TOP DESIGN PROJECTS

1. NewsHunt News Aggregating Website & Mobile Application

<https://newshunt.io/>

Designed and developed a news aggregator that streamlines trending news from credible sources into a customized and intuitive user experience.

2. Find 1 Education Website & Mobile Application

<https://find1.nextgcircle.com/>

Designed the UI/UX for Find 1 Education Application (web & mobile), an education platform that enables users to search, explore, and apply to universities across Saudi Arabia through a streamlined and user-friendly interface.

3. Darewro – Multi-Service Delivery App

<https://play.google.com/store/apps/details?id=com.darewro.customer>

Designed the UI/UX for Darewro, an on-demand delivery application that allows users to order food, groceries, medicines, and send parcels through a single platform with real-time tracking and smooth navigation.

4. Hoor – E-commerce Price Comparison Website & Mobile Application

<https://hoor.app/>

UI/UX Designer for Hoor, a web-based price comparison platform enabling users to explore products and compare prices across multiple stores through a clean and responsive design.

5. Next Generation Circle – Corporate IT & Digital Services Website

<https://nextgcircle.com/>

UI/UX Designer for Next Generation Circle, a company profile website designed to present services, portfolio, and company information in a modern and user-friendly interface.
